In response to the Notice of Allowance mailed May 14, 2008, please amend the claims as proposed below.

Claims 1 and 4 are amended. Claim 10 is new.

Claims 1 and 4 are amended for clarity. Applicants submit that the scope of claims 1 and 4 have not been changed.

Claim 10 does not require an additional search or examination. because the limitations of claim 10 mirror the limitations of claim 1, but for the phrase "host site." Support for the phrase "host site" is found in the "Summary of the Invention" on page 14 of the specification. Claim 10 is patentable because the limitations of claim 10 mirror the limitations of claim 1 and claim 1 is allowed. Claim 10 was not presented earlier because the application has been on appeal. Further, claim 10 is distinguishable from the cancelled system claim 9. Specifically, the cancelled claim 9 was a means plus function claim. In contrast, the new claim 10 is not a means plus function claim.

Applicants respectfully request the Examiner to enter the proposed claim amendments.
